

I reached out to the County of Simcoe's Food Council and asked for help so I wouldn't have to shut down Fresh Food Weekly again:

Hi Leah:

Oh my goodness you are going through so much! Kari Klassen, here...Courtney's replacement. I am meeting with my boss this morning—Erin Chapelle—and I will go over your letter with her. My heart goes out to you. I'll reply as soon as I am able to.

Best,  
Kari

The County of Simcoe hired Erin Chapelle.

Good morning Kari,

Thank you very much for your compassion and for your help with going over my letter with your boss. That name, Erin Chapelle rings a bell. Did she used to work at Georgian College?

Please let me know if you guys have any questions at all.

Thank you so much for your help!

Leah

Hi Leah:

I don't think she's worked at Georgian...but she's done so many amazing things that anything is possible. Erin runs Karma Project out of Penetang.

Best,  
Kari

Ohhhhhh yes, okay, that's where I've heard her name. I haven't met her in person before but I believe we've had a brief email or phone call conversation in 2021! I also remember reading about her in an online article!

Thank you again for your help! 🙏❤️
