

Mary-Anne Denny-Lusk first called me on June 29, 2021, and offered to let me use the common room at my own public housing building, so I could start packing food bags indoors, instead outside on a parking lot.

Hi Leah!

I just got off the phone with Mary-Anne, I guess she contacted you not long before this email and mentioned you need a space for you freezer. We can definitely provide the space at the building in the common room to help with storage and distribution.

When are you around next, I can give you a key for the building and were trying to find some shelving as well that can be used. I am in the office tomorrow morning from 9am-12pm and again at 1:30p and can hopefully connect at those times to get the key.

Talk soon,

Karen Tkaczyk
